Loaner Tech Equipment

The ICERM IT department has a Loaner Program which offers a variety of equipment available to participants at ICERM. There is no cost associated with loaning out any equipment, except in the case that the equipment is damaged or lost.

Before hardware is loaned out, all participants must agree to the following statements:

- Hardware is available on a first come – first served basis
- Hardware may be borrowed only within the duration of a participant's visit to ICERM
- All equipment and related accessories must be returned to the IT group prior to a participant checking out with the events team
- Failure to return borrowed equipment may result in withholding of reimbursement funds and/or other action as deemed necessary in consultation with the participant's home institution
- Participants are responsible for managing their own data, as borrowed machines will be reimaged immediately upon return: **no files, images or backups will be retained**
- The IT team must be notified immediately of any loss, theft, or damage

Some of the equipment we offer:

- An Assortment of MacBook Pros
- USB-C/MagSafe Mac Power Cables
- USB-C Adapter
- USB-C Cables
- USB-A Adapter
- HDMI Adapter
- VGA Adapter
- Power Strips
- Extension Cords
- Monitors
- Keyboards
- Mice

To borrow equipment, please contact the ICERM IT staff by dropping by the administrative offices or emailing support@icerm.brown.edu.
